Hi Zizi,

Yes, I believe May 11th would work well.

Thanks,

Mike

Subject: RE: BNSF Activity at Haystack - Review Call

Hi Zizi,

In response to your proposal to review the history and our involvement with the Haystack AUM, BNSF proposes to conduct a web-based presentation on May 10th or May 11th 2018. If these dates do not work for you, perhaps we could schedule the meeting on May 25th or May 31st 2018. Let me know how the schedule looks for your group and we can move forward from there.

Thanks,

Mike

Subject: RE: BNSF Activity at Haystack - Review Call

Hello,

As part of the site tour I expressed interest in hearing from BNSF on their history and involvement with the Haystack claims. For the sake of review I am requesting a call and perhaps webinar to review the history of BNSF at the site and to learn more about recent CERCLA activities. I spoke with the site attorney Sarah Mueller about the concept of this call.

Given the topic it's better if the attorneys participate. R6 attorney Pam Travis and Sarah Mueller are copied on this email. I know the Navajo Nation and the State of New Mexico also want to be involved in most calls and discussions. When this call is organized we will need to invite representatives from NNEPA, New Mexico Mines/Minerals, and New Mexico Environment. The following people from the Navajo Nation should be invited to the call.

Diane J. Malone (dmalone@navajo-nsn.gov); (manager – Navajo SFD)
'Vivian Craig' <viviancraig@navajo-nsn.gov>; (structures lead)
Binod K. Chaudhary bchaudhary@navajo-nsn.gov (AUM lead)

Ideally we can get together late April early May depending on people's schedules. BNSF feel free to reach out to me directly to scope an agenda and further define the purpose of the call.

Thanks!

Subject: RE: Haystack Site Visit Agenda

I was asked if MMD could provide a list of mines near the Haystack No. 1 site from the AUM database, which is attached. I limited the search to mines within T13N, R10W and 11W.

If you have any questions, please let me know.

Thanks,
DJ

Thank you everyone for an informative site visit.

Attached, for your information, is the joint guidance NMED and MMD have developed uranium work in the state of New Mexico. With this guidance, we recognize each site is unique and may require something different or in addition to this guidance.

Feel free to contact DJ and I with any further questions-

Thank you,
Amber

Hi Ken,

That's correct. We'll be meeting in the Tomahawk Bar parking lot at 9 am on March 29, 2018. Here's the link to the google map for the bar:

<https://www.google.com/maps/dir/'/'tomahawk+bar+prewitt+nm/@35.3672055,-108.1214741,12z/data=!4m8!4m7!1m0!1m5!1m1!1s0x87237d81b8adb44d:0x463d0f7862bec1b0!2m2!1d-108.051434!2d35.3672257>

Thanks for the update regarding inviting NMED. We have also invited Lester Tsosie and Jerry DeGroat with the BIA as they have been helping us with coordinating access to Section 18.

Will it be you, Warren, Priscilla, and Zizi attending the meeting from the EPA's team?

Subject: Re: Haystack site visit

Zein,

I just want to confirm our site visit next week, March 29th. My understanding is that we will meet at 9 am at the closed bar (is it tomahawk bar?) at the Pruitt Exit off I-40.

I have extended the invitation to NMED, and just trying to make sure we are all on the same page.

Hello Ken,

I was given information about your upcoming visit to Haystack from Jeff Lewellin. He will be away on the 29th, so I will attend in his absence. We met at the Section 10 downhole camera field session last year.

Mining and Minerals Division is also interested in attending; DJ Ennis is the contact and he is cc'd on this email.

As we will be traveling from Santa Fe that morning, is there any chance the start time could be moved to 9am instead of 8:30?

Thanks,
Amber
